Our Next Superintendent

Owing to the fact that Prof. De Witt Montgomery, Republican candidate for Superintendent of Schools is making so many friends all over the county who are enthusiastically working for his election, he is frequently referred to as, "Our next superintendent."

Mr. Montgomery has spoken with other candidates in various sections of the county and where ever he has been the people are impressed by the evidence he gives of having exceptional qualifications for the position.

He is a gentleman, a trained scholar, an experienced [illegible] and is possessed of more than ordinary executive talent. His being able to look on all sides of a proposition, and his thorough knowledge of school law enables him to correctly interpret the laws governing our schools.

In fact Prof. Montgomery lacks not one of the many attributes that go to make an ideal superintendent of schools. Not only the citizens generally, but teachers and trustees especially express confidence in his ability to be the chief executive officer of our schools.

If he should be elected, and the belief that he will be is now expressed by hundreds of Republicans as well as by a number of Democrats, he will administer the duties of the office fairly, impartially and for the best interests and the advancement of the schools.

One prominent and well-informed Republican of Santa Rosa stated on Monday last. "We have ceased discussing whether Mr. Montgomery will be elected or not; we are now calculating on the size of his majority. He is making a winning campaign and every day adds to his strength.

BEES GOT BUSY

One day last week [illegible] J. Hickey notified the [illegible] investigate the chimney on his place, formerly the Geo. Campbell place near the Cooper bridge.

The men discovered what was supposed to be a swarm of hornets and Mr. H. was told to get rid of them first and then the chimney would be repaired.

By stuffing the chimney at the top and burning sulphur frequently below, it was supposed that the insects were destroyed.

When the inspector's assistant mounted the roof and removed the sacks from the chimney, out came a buzzing swarm of insects which almost caused the man to fall to the ground. He lost no time in re treating.

Further investigation proved that a swarm of bees had preempted the said chimney for a hive and had entirely closed the passage with a mass of honey. The sulphur fumes had therefore never touched them.

It was decided to get that honey. It was no easy task. When the full crop had been gathered and the chimney cleared, Mr. Hickey found himself possessed of 293 pounds of the finest of honey. It is believed that that amount had been stored since April 18, from which date the chimney had not been in use.

Big Little Three

A fair-sized house greeted the "Big Little Three" vaudeville show in Union Hall last Saturday night. The players performed the parts well and all present enjoyed themselves throughout the entire program. Stetson, Taylor and Stetson have added another success to their lists of triumphs.

Fire Alarm

Between 4 and 5 o'clock last Saturday afternoon, an alarm of fire was heard, the cause being a grass fire in a field owned by Mrs. R. J. Snyder, near the C. N. R'y track. A crowd quickly gathered and subdued the flames before any great damage was done.

Trimmed Hats. Ready to wear hats, all now on sale. Holz's.

SUPERIOR COURT NOTES

Judge Seawell called the calendars in both departments of the Superior Court Monday. A resume of the proceedings is as follows:

The will of [illegible] Pollard was admitted and Roger Gilbride named executor in a bond of $1,300.

The final account was settled and distribu[illegible] an order [illegible] of the estate of Will[illegible] and a $500 attorney [illegible] his pare[illegible] seal[illegible] as set aside to t[illegible]

He has nineteen old ones and fourteen youngsters which he will enter. He will also send five horses to be entered at the race meet at Los Angeles.

John Willett, a farm hand living three miles west of Sebastopol, located a bee tree and had made preparations for gathering the honey when the bees suddenly attacked him. He was severely stung about the face, neck, and hands, and was obliged to seek medical aid. He says that the swarm has fully 300 pounds of honey stored.

Last week a large number of splendid black bass were placed in Russian river near Healdsburg The fish were liberated on the Fitch mountain side of the stream, and in succeeding years will make good angling for the sportsmen of that vicinity. The fish were presented to the Healdsburg Fish and Game Protective Association by the Fish Commission.

P. Crippen [illegible] $60.50, and Charles E. Smith, administrator on the estate of George Evans, in a bond of $2[illegible]

The final account of the estate of Marrianna Calorp was settled and allowed.

These probate matters were continued: Estates of H. P. Lichau, T. S. Glaister, Evezo Bolla, et al., Mabel Thomas, et al., G. H. Morrell, to October 22; estates of Charles W. Hubbard and J. M. Patchett, to October 29, Jack vs. Burns, Wassilko vs. Wassilika, to October 22.

SONOMA COUNTY NEWS.

The hop crop of Sonoma county is estimated at fourty thousand bales. The State yield is placed at 111,000 bales.

The State Union Labor Party opened the campaign in Sonoma County at Santa Rosa Monday. The issues of the day from the labor standpoint were ably discussed.

Luther Burbank who is a member of the Stanford faculty, delivered three lectures there during the week. His subject was on plant breeding. The student body were pleased to greet the eminent originator of plant life.

Facts About San Francisco.

"San Francisco Six Months After" is the title of a one hundred page special edition, devoted to the reconstruction of San Francisco, [illegible] published by the San Francisco Examiner on Sunday, October 21. This will be the first comprehensive story of the rebuilding of our metropolis. It will contain all the facts and data that those who are interested in the restoration of nominal conditions will wish to mail to their Eastern friends

Death of John M. Tenney

John M. Tenney, formerly conducting a poultry business at the Walliser place on Broadway, was killed by thugs last week in Oakland. He was a mormon on he car at the time of the hold up.

PURE BLOOD IS VITAL

Not everyone realizes the vital necessity of keeping the blood pure at all times. Impure blood not only causes various derangements and inability to perform one's work well but gives a ready welcome to all germs of disease with which it comes in contact. It is the rankest extravagance to allow the human blood to remain in an impure or impoverished condition. "Our Standard Remedy" is the safest, purest and best blood purifier on the market to-day. It is a new remedy, a purely vegetable preparation composed of roots, barks and herbs, and contains no calomel or other injurious or metallic drug. 204 doses for $1, with a written guarantee that your money will be refunded if you are not cured of all troubles caused directly or indirectly by bad blood. You can purchase this wonderful new remedy at Cleve's. John McNeil, sole agent for Sonoma County, Ohm's Sulphur Springs, Sonoma.

HOW FORGETFUL

The San Francisco Examiner told its readers editorially in a recent issue that there were two men running for governor in California, and although they reported the news some time ago that Hon. Theodore A. Bell had been nominated for that office by the State Democratic Convention they now seem to have forgotten all about it.

WHAT WE MOST NEED

Men who cannot be bought.

Men who put character above wealth.

Men who possess opinions and a will.

Men who will not lose their individuality in a crowd.

Men who will not think anything profitable that is dishonest.

Men who will be honest in small things as well as great things.

Men who will make no compromise with questionable things.

Men whose ambitions are not confined to their own selfish desires.

Men who are willing to sacrafice private interests for the public good.

Men who are not afraid to take chances, who are not afraid of failure.

Men who do not have one brand of honesty for business purposes and another in private life.—Citizen's Bulletin.

H. W. GOTTENBERG

The Republican County Central Committee have filled a vacant place on the local ticket by the nomination of Dr. H. W. Gottenberg for the office of Justice of the Peace in Sonoma Township.

The committee could not have made a better selection for the position.

The office is an important one and should be filled by a broad-minded, fair-minded citizen of the strictest integrity, a man who will fearlessly and impartially discharge the duties incumbent upon him. Dr. Gottenberg's well known ability cool headed judgment and fairness to all, mark him as an ideal judge and if chosen by the electors of this township can be relied upon to render correct and consistent decisions free from any outside influences or dictations. Read his political announcement in another column.

"CAFE CHANTON"

A novel and interesting program has been prepared by the Misses Kelley to be given at the picturesque grounds of the Old Vallejo Home in Sonoma in the near future for the benefit of St Francis Church.

New and pleasant features by excellent San Francisco talent assisted by local talent will be introduced and promises to be intensely interesting. Nothing like it was ever heard in Sonoma.

A stage will be built under the trees, the actors will be appropriately costumed and a real show of artistic merit is assured.

NEW AMERICAN HOTEL

The American Hotel in Petaluma has been renovated, remodeled and refurnished througout. Everything in this popular, first class hostelry is convinent and up-to-date.

When in Petaluma be sure to stop at the American Hotel if you prefer first class accommodations, and where the cuisine and service is excellent. Read the new ad in this issue.

Mrs. Batchler Wins

The sensational and long drawn out Batchlor cases have at last been decided. Yesterday Judge Emmet Seawell granted Mrs. Susie Batchelor an interlocutoty decree of divorce from her husband, L. D. Batchelor. Neither Batchelor, nor his attorney J. S. Minot, appeared in court.

Mrs. Batchelor also gets a homestead on the Batchelor ranch near El Verano.

Attorney Rollo Leppo represented Mrs. Patchelor throughout the various trials.

WELCOME VISITORS

Mr. and Mrs. Thomson and two young sons arrived in Sonoma from Missouri on Wednesday.

They expect to remain for some time on a visit with Dr. A. M. Thomson. The Doctor is delighted to have his mother and father and younger brothers with him, he had not seen for some t

The visitors are very pleased with California esp Sonoma v they will conclude to rem permanently.

Scarcity of Wood

Stove wood is a very scarce article in Sonoma at present and many people are eagerly inquiring where they can buy some. There is an opportunity now for some enterprising wood man to sell several hundred cords in this valley. Our local wood men have about sold out their supply or have it engaged.

Raymond Castex Entertains

Master Raymond Castex delightfully entertained a number of his young friends at the home of his parents, Mr. and Mrs. A. Castex, on Napa street, yesterday afternoon in honor of his twelfth birthday. Jolly games were played and delicious refreshments were served. The young folks enjoyed themselves immensely.

Association Meeting

The Sonoma County Association of Congregational Churches will hold their next annual convention in this city on Nov. 13 and 14, 1906. A number of prominent speakers will be heard and an in ing p has been arranged. The sessions will be held in the Congregational church on Broadway, Rev. C. C. Cragin, Pastor.

NEW DANCING SCHOOL

Mrs. Guldager of Glen Ellen has started a dancing school there which is being very well patronized.

She has a large afternoon class for younger learners and an evening class for children of a larger growth. The pupils are all well pleased with Mrs. Guldager as a teacher.

REPUBLICAN RALLY

All the Republican County candidates will have a meeting in Glen Ellen on Thursday evening, Oct. 25th. The campaign Glee Club with their original catchy songs will accompany the candidates. Social dance after the speaking.

The Woman's Club

The regelar social meeting of the Woman's Club was held this afternoon, and the gathering partook of the nature of a shower party. Each member brought a piece o crockery which was intended help stock the china closet of the club.

W. O. W.

Special Organizer, Luther Flood, will visit Bear Flag Camp, 758, Monday evening Oct. 22nd. 1906 All neighbors are requested to attend.

L. H. GREEN, Sec'y.

Small Blaze Yesterday

The livery barn of the Bellevue Hotel in El Verano caught fire yesterday afternoon, but by prompt work the flames were extinguished before much damage was done.

Ben F. Ballard, democratic nominee for Recorder was interviewing the voters of this section yesterday and to-day.

Friend McHarvey Married

The Oakland Tribune of Oct. 4, gives an extended account of the wedding of Friend Stuart McHarvey and Miss Lillian Lundquist of Oakland, which occured here last Saturday by Justice of the Peace, James G. Quinn, in the private office of County Treasurer Kelley.

The bride is a charming young lady and extremely popular in Alameda county where she was filling a responsible position in the office of Records.

The groom is well known in Sonoma Valley which he has made his home for a number of years and where he frequently visited his grandmother, Mrs. A. McHarvey. He now holds a fine position with the Key Route Co. in Oakland where the happy couple will reside after their return from a honeymoon trip in Southern California.

Many friends extend hearty congratulations to Mr. and Mrs. McHarvey and wish them a happy and prosperous journey through life.

Wedding Nuptials

An event of much pleasurable interest is scheduled to take place next Wednesday Oct. 24th in San Francisco.

Mr. Horace Appleton Jr. and Miss Iretta Delano will be married in Plymouth Church, Rev. Mescroe to be the officiating minister.

After the ceremony an elaborate wedding breakfast will be served at the home of Mr. and Mrs. Delano, the former a brother of the bride-to-be.

Mr. Appleton is a well known former Sonoma boy, and both he and his charming bride-to-be have many friends here where she has often visited, who extend hearty congratulations and best wishes.

Mr. Appleton has disposed of his business in the metropolis and has accepted the offer of Kohler & Chase music house to manage their large store in Seattle. Immediately after the wedding the happy couple will depart for Seattle where they will make their future home.

GIVEN A SURPRISE PARTY

The Sonoma Social Club, about twenty strong, gave Mr. and Mrs. Hunter a surprise party last Friday evening at their home ed president of the club.

Games, music and delicious refreshments were features of this highly enjoyable party.

Mr. and Mrs. Hunter, as a token of the high esteem in which they are held, were presented with a beautiful cut glass water jar.

The happy time continued until early Thursday morning when the guests departed expressing all kinds of good wishes for the genial host and hostess.

Old Maids Convention

Something jolly is promised at the "Old Maids Convention" and Grand Bazaar to be given by the Ladies Aid Society of the Congregational Church on Wednesday evening Oct. 24. Great preparations are being made and lots of amusement is in store for those who attend. Don't miss the fun. Ice cream, coffee and candy for sale. Admission 25 cents. Rummage sale and auction on the following day, Thursday afternoon. Admission free. Bring your money and secure useful bargains.

A Pleasant Reception

The M. E. Church parlors were Friday evening when a number friends gathered to honor Rev. Lionel Rowe and his estimable wife and to publicly express the pleasure it gave them to have them with us for another year. Rev. Rowe having been returned to the pastorate of the church here by the last conference.

A number of addresses of welcome were heard, to which Rev. Rowe feelingly responded.

Refreshments were served and a most enjoyable evening spent.

Engagement Announced

Captain and Mrs. Johnson announce the engagement of their pretty daughter, Miss Precedes F. Johnson to Mr. Frank A. Carew, a young business man of San Francisco. The wedding is to take place in the near future.

Do You Feel Chilly, Then Feverish and Ache all Over?

Feel Worn-out, Blue and Tired? Have You a Fresh Cold, With Frequent Hacking Cough? Sensation of Soreness in the Chest or Back?

Don't let your case run into bronchitis, or some other obstinate and dangerous malady. The very best medicine to take in such a case is Dr. Pierce's Golden Medical Discovery. Made without alcohol or dangerous drugs, it contains that rare combination of native medicinal roots that will allay a cough (iron it out, as it were), restore the circulation, assist the appetite and digestion, and consequently restore tone to the entire system. That is the reason people look happy once more after taking it—they feel like living, because their liver is active, the blood in their arteries is full of that life-giving quality—rich, red blood. The blood in turn feeds the nerves.

Nervousness and neuralgia are only the indication that the nerves are not fed on invigorating blood. This "Medical Discovery" of Dr. Pierce is nature's own restorer. It tones up the organism and invigorates its functions, furnishing to the body one of its necessary constituent principles of which it is in need.

This preparation is of pleasant taste, agrees perfectly with needfuons and sensitive stomachs, and is extremely effective in restoring tone and vigor to the entire system. It cures troubles of the stomach and at the same time the blood-vessels are given such a toning up as to throw off a cold. One very good reason why it restores the health of run-down, pale and emaciated people is because it first throws out the poisons through the liver and kidneys. It then begins its reconstructive work in building up flesh and making good, rich, red blood.

"I have been a sufferer from indigestion for some thirty years, at times," writes Mr. S. W. Mullenax, of Circleville, W. Va., "and have used medicine from several of our best physicians, which gave me only a little temporary relief. They said I could never be cured. Last winter I was stricken with the worst spell that I ever had. I suffered with such severe pains in the pit of my stomach that I could neither work nor sleep, and my weight went down from one hundred and ninety-five pounds to one hundred and sixty pounds in about two months' time. I then concluded that I would try Doctor Pierce's Golden Medical Discovery. By the time the first bottle was gone, I felt some relief from my severe suffering so continued until I had used four bottles of 'Golden Medical Discovery.' I am truly thankful for the great benefit which I have received from your medicine, and can cordially recommend it to others."

It Stands Alone not only in respect to its ingredients but also as the only medicine for stomach, liver and blood disorders, which absolutely CONTAINS PURELY VEGETABLE AND PERFECTLY HARMLESS INGREDIENTS, WITH NO ALCOHOL.

It Stands Alone as the best alterative medicine, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "GOLDEN MEDICAL DISCOVERY" is made of such ingredients and after a working formula that has thousands of cures to its credit, placing its merits above criticism.

It Stands Alone as Nature's cure for many chronic diseases and its ingredients are: Golden Seal root, Queen's root, Stone root, Black Cherrybark, Bloodroot, Mandrake root, and chemically pure glycerine.

Remember, these are the ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce, over 40 years ago, and although much imitated, have never been equaled. Made of concentrated and refined medicinal principles, extracted from native American plants and roots, therefore purely vegetable and perfectly harmless. One little Pellet for a stomachic, or stomach and bowel regulator, three tiny granules for a cathartic.

A jolly party consisting of Oliver Cobb, Jerry Lafferty, Walter Hardman, Jake Frideger and Howard Gaige of this place and Attorney Sprague and James O'Rourke of Sonoma, spent the greater part of the past week on Sonoma Mountain in search of the fleet footed deer. Judging from the many blood curdling yarns spun on the way the large amount of waste ammunation and last but notleast the heavy and assorted stock of groceries, salids and liquids we were led to believe that 20 bucks would be putting it light. Our disappointment was great when we were told that the only deer killed was when our Republican nominee for constable, Oliver Cobb, took deadly aim and pulled the trigger. This immense creature weighed probably 40 pounds and was divided among the forty. Sunday evening ended the hunt, and all returned home.

$8.50 PUNCTURE-PROOF TIRES ONLY $4.80 PER PAIR

Regular Price $8.50 per pair. *To Introduce We Will Sell You a Sample Pair for Only* $4.80 (CASH WITH ORDER $4.55)

NAILS, TACKS OR GLASS WON'T LET OUT THE AIR

NO MORE TROUBLE FROM PUNCTURES. Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

Notice the thick rubber tread "A" and puncture strips "P" and "D," also rim strip "H" to prevent rim cutting. This tire will outlast any other make—SOFT, ELASTIC and EASY RIDING.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" trend which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is $8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only $4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price $4.55 per pair) if you send FULL CASH WITH ORDER, and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

COASTER-BRAKES, built-up-wheels, saddles, pedals, parts and repairs, and everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big SUNDRY catalogue.

DO NOT WAIT but write us a postal today. **DO NOT THINK OF BUYING** a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.

BOOMING A LIBRARY

THE VALUE OF ADVERTISING PUBLIC INSTITUTIONS.

J. C. Dana, a New Jersey Librarian, Tells How to Make a Library Known and to Promote Its Work—Meeting Local Help.

The value of a library to a town and how such an institution can do a world of good to the community in which it is located is told in a paper on "Making a Library Known," which was recently read by J. C. Dana, librarian of the Newark (N. J.) Public Library, at a regular meeting of the Long Island Literary club in Brooklyn, says the Chicago Post. In discussing this question Mr. Dana expressed himself in part in the following terms:

"It is the newspapers, of course, which, of all outside agencies, help to make the library known. I do not need to enlarge on their most universal sympathy with the work of the library, their unfailing courtesy toward it, their readiness to print material in regard to it, even although it must often seem to the editors not to have a very strong flavor. A librarian must, of course, bring the material he wishes printed to the attention of the newspapers in the right way.

"His library must, in the first place, have that attitude toward the public which the newspaper may rightly expect the public to approve of. He makes it manifest, if he can, that he wishes to have the library's doorsill worn down as fast as possible by the coming and going of the feet of those who built and maintain it. Having made it plain that this is the general attitude of the library, he then presents the specific material he wishes to have printed in as attractive form as possible.

"The notes he sends, usually typewritten, are items of news, brief and plain, rather than demands or complaints. Most particularly he tries to keep the newspapers in touch with all changes and modifications of system. Nothing is better for a public institution than publicity. The people who pay for its support are entitled to know—it is a part of their education to know—all its ins and outs, its receipts, its expenditures, its methods, its plans and ambitions.

"Newspapers—are almost invariably willing to insert these brief notes. They feel that about the management of a public library there should not be toward the public the slightest intimation of a desire for secrecy. Of course there are matters of petty and personal detail and subjects under consideration to publish which would show poor judgment or poor taste. The newspapers understand this.

"Work done for and through the schools is important. Every teacher is a possible promoter of the library's work. She can win to it every year, if she will, forty or fifty friends in her pupils and through them can win to its advocacy, and in a measure to its use, almost as many families. Small wonder that we ask the schools to help us!

"If the library have a room in which meetings, educational, charitable and civic, can be held these meetings may almost be placed next in order among the library's agencies for making itself known. Most libraries are far too conservative in this matter. Few will remain so long.

"The work which the library does for and with the study clubs and volunteer organizations of all kinds in its town is, of course, one of the good ways of making itself known, felt and appreciated. If the clubs meet in the library building the work for them is by so much the easier and more effective as a means of publicity. Many organizations have received much assistance from libraries in the way of suggestions of books and pictures.

"Circulars of all kinds and personal notes are helpful in bringing the library to the attention of individuals. Sometimes a weekly or monthly bulletin sent to a group of people like the teachers or the members of some organization.

"Posters and bulletins hung in conspicuous places throughout the city are useful methods of gaining the attention of many. Posters, like books and circulars, should be as brief as possible. They should be well printed, and in case they are hung in hotel corridors, barber shops and other public places they should be neatly and simply framed.

"Exhibitions in the library, either of material belonging to the library itself or of paintings or other things lent for the purpose, in many cases draw many to the institution. These exhibitions, like some of the other things I have mentioned, are oftentimes more helpful in making the library known through the opportunity they give for newspaper note and comment than through the actual visits paid to them by people interested."

SILAGE POINTERS.

Crops, Cost of Filling Silo, Effect of Silage on Milk Flavor.

Corn [illegible] as a rule, the most [illegible]ent food that can be [illegible] cows at a season when [illegible]t available. Although [illegible] ration in itself, [illegible] can be made by feeding corn silage and a legume hay without the use of much grain.

By helping the pasture out during dry periods with partial soiling more stock can be carried on a given area than by pasturing alone. The crop will furnish more feed to the Iretta Dthan corn, and with the silo [illegible]lymouth C[illegible] be utilized for soiling.

In Illinois [illegible] the official [illegible]ms to be the best single crop for the silo, and by combining with it cowpeas or soy beans the feeding value is greater, ton for ton, than of corn alone.

When corn is fully tasseled it contains less than one-fourth as much dry matter as when the ears are fully glazed. From this stage to maturity the increase is but slight.

That silage may keep well the corn should not be cut until most of the kernels are glazed and hard. If too ripe the silage will not settle well and the air will not be sufficiently excluded to prevent spoiling.

The corn is most easily handled by cutting with a corn binder and using a silage cutter of large enough capacity to avoid the necessity of cutting bands.

If silage is to keep well the leaves and heavier parts must be kept thoroughly mixed, evenly distributed in the silo and well tramped next the wall. After filling the top six inches should be wet once and the whole surface tramped every day for a week to obtain a thin compact layer of well rotted silage which will exclude the air.

Records of the cost of silo filling were kept [illegible] the experiment station on nineteen different farms in various parts of the state, and the cost was found to vary from 40 cents to 76 cents per ton, the average being 56 cents.

[illegible] between silage milk, 6 per cent were indifferent, 11 per cent indicated a preference for the silage milk, 29 per cent were in favor of the nonsilage and 11 per cent indicated no preference.

The foregoing items summarize in useful form the very informing bulletin No. 101 of the Illinois experiment station.

Economical Charles Cramp.

While showing visitors around his shipyard Charles Cramp usually keeps his eyes on the ground as he walks along, making comments and answering questions, says a Philadelphia paper. If he sees a rusty bolt, be invariably picks it up and carries it somewhere with the idea that it shall not be wasted. If it happens to be in his own desk in the office, all right. If he is interrupted before he reaches his own desk, he puts the bolt on somebody else's desk. Sometimes Mr. Cramp can be traced all over the yard by his transitory collection of bolts.

A Raiser of Pickles.

"Anything I can do for you, madam?" asked the clerk in the seed store.

"Yes," answered the sweet thing, tapping the counter with a tapering finger. "I wish to ascertain if bottled pickle seeds will grow as well as those of the bulk variety?"—Indianapolis Sun.

Merely Going.

Smith—I woke up last night with a horrible suspicion that my new gold watch was gone. So strong was the impression that I got up to look. Brown—Well, was it gone? Smith—No, but it was going.

A wise philosopher gives us this advice: "Tell the truth to at least three people each day. Tell your lawyer and [illegible] number [illegible] hope."
